

INTERNATIONAL WEEK
Department of Economics
University of Perugia
7-9 October 2024

Dear Colleague,
Dear Partner,

we are pleased to inform you that the Department of Economics of the University of Perugia is organising its “first” International Week which will take place from 7 to 9 October 2024. The aim of this event is to enhance collaboration between our department and partner universities/institutions, promote Erasmus exchanges, encourage engagement in research projects, and facilitate the development of agreements, including double degrees.

We would like to provide visiting teachers with the opportunity to meet and network with colleagues in various fields, particularly in the legal, economic, business, and quantitative areas that drive our department. This will also give them the chance to briefly present their research strands- with particular attention to Innovation, Tourism, and Sustainability.

In light of this, we invite you to consider the possibility of joining us during these three days. There is no participation fee required. Travel and accommodation expenses will be covered by the participants, who may also benefit from any Erasmus mobility grants available.

Feel free to circulate this among potential participants. Should you need more information, please do not hesitate to contact us.

We trust that you will accept our invitation, and we extend our warmest regards,

Director
Prof. Marcello Signorelli
